## DETAILED ACTION

### *Election/Restrictions*

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
  - I. Claims 1-13 and 39-52, are drawn to a method for controlling call admission to a communication system utilizing class of service transmission, and are classified in class 379, subclass 243.
  - II. Claims 14-38 and 53-79, are drawn to a method of bookkeeping in a communication system for connection setup and release, and are classified in class 370, subclass 230.
2. Because these inventions are distinct for the reasons given above and the search required for Group I is not required for Group II, restriction for examination purposes as indicated is proper.
3. A telephone call was made to John E. Curtin at Troutman Sanders LLP (703-734-4356) on June 1, 2004 to request an oral election to the above restriction requirement, but did not result in an election being made. Specifically, the Troutman Sanders LLP representative at the above-mentioned telephone number of record indicated that John E. Curtin remains the attorney for the instant application, however, Mr. Curtin is employed at a different firm having a new telephone number of 703-668-8046. A telephone call was made to Mr. Curtin at this new number on June 1, 2004 and a message was left for Mr. Curtin explaining the above restriction. A return call

from Mr. Curtin acknowledging the request of an oral election to the above restriction requirement was received on June 10, 2004, but the call did not result in an election being made.

4. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

5. Further, in view of the above-noted unofficial change of correspondence of applicant's representative, it is requested that an official "Change of Correspondence Address" be filed in response to this action.
